Addendum to the [Annex II Microfinance Guarantee Term Sheet](#) and [Annex III Social Entrepreneurship Guarantee Term Sheet](#) introducing
COVID-19 Support Measures

The COVID-19 Support Measures for EaSI Guarantee

This addendum introduces specific measures aimed at enhancing the access to finance to EaSI target groups affected by the COVID-19 crisis. This document outlines these measures in section 2 and section 3, complementing or superseding the relevant terms and conditions set out in the Annex II (for Microfinance guarantees) and Annex III (for Social Entrepreneurship guarantees) of this Call. The other terms and condition set out in Annex II and/or Annex III of this Call shall apply mutatis mutandis unless otherwise specified in this Addendum. Therefore, this Addendum should be read jointly with Annex II and/or Annex III for a comprehensive understanding of the COVID-19 Support Measures outlined here below.

1. Applicability of COVID-19 Support Measures for EaSI Guarantee

As part of the policy response to address the economic disruption caused by COVID-19, certain measures are made available to Financial Intermediaries to provide enhanced support to the EaSI target Final Recipients (the “COVID-19 Support Measures” or the “Support Measures”).

The COVID-19 Support Measures are introduced through the amendment of certain terms and conditions of the facility to ensure continuous financing support to impacted EaSI target Final Recipients, which already have or will receive financing under existing and new (Counter-) Guarantee Agreements.

The COVID-19 Support Measures are available to selected Financial Intermediaries under the facility, provided that the operation has been approved by the EIF by the end of the COVID-19 Support Period.

For the avoidance of doubt, an existing Financial Intermediary may benefit from the COVID-19 Support Measures without submitting any new application, by executing an amendment to their (Counter-) Guarantee Agreements. For this purpose, interested Financial Intermediaries should refer to the [Notice to Financial Intermediaries](#) published on the EIF’s website or contact EIF at the following e-mail address: EaSI@eif.org. Certain COVID-19 Support Measures apply only to (Counter-) Guarantee Agreements where the Availability Period is continuing as of the date of the acceptance letter, as further set out in the Notice to Financial Intermediaries.

Applicants wishing to benefit from the COVID-19 Support Measures that are not yet selected Financial Intermediaries under the EaSI Guarantee will need to follow the regular standard application process as outlined in this Call for Expression of Interest¹.

¹ The total amount of applications already received exceeds the EU budget available under the EaSI Guarantee instrument. Any new applications may be considered should additional resources become available.

2. Outline of COVID-19 Support Measures for EaSI Guarantee²

For the avoidance of doubt, such interest amounts shall not be included into the calculation of the Actual Portfolio Volume.

² The terms outlined in Addendum will apply mutatis mutandis to counter-guarantees. Due to the specifics of counter-guarantees, some additional requirements or adaptations of the terms of the direct may be added to the Guarantee Agreement.

³ Where the Portfolio consists of Final Recipient Transactions with different Guarantee Rates, the Maximum Portfolio Volume will not be set in the Guarantee Agreement.

2.5. Commitment and compliance fees

The commitment fee shall not be applied. The applicable compliance fee shall be set out in the Guarantee Agreement.
